SECTION III - Justification:

Please approve 45% discount on iLearning hosted subscription for T Mobile USA. Customer wants to rollout IT training for DBA divisions across organization and we are trying to push this into Q4, meet budget constraints and avoid competition. Customer has agreed to move forward with this in Q4 if we gain approvals.

Customer will also rollout OLN training via their own instance of iLearning to provide IT training globally. The discount concession by Oracle will enable the customer to acquire the necessary Licenses in May and jump start this project.

****Average customer spend with Oracle is 2 Million annually.**

Competitive situation - Currently T-Mobile is an SAP & Peoplesoft Shop – looking at a peoplesoft option for online learning – however customer has committed to Oracle solution if discount approved - Oracle currently has no Application presence and this deal would allow us to begin an application foothold in the account.
